My dear Garrison

149 Robert Jones has come back having accompanied Lenora Reddish (not "Radish" as I wrote yesterday) to New-York. She & the child to get Sarah ("the" July 15") off from Rahway but without success. She left Lenora medicating & with the attendt. I doubt very much her success, now that the alarm has been given, and I am fearful for Lenora lonely. New Jersey is a dark state, and with the Dred Scott decision & the Camden & Amboy R Road, for auxiliary

her owners might succeed
in carrying her back to the
South. I hope not however
soon

Yours truly
